English – Invention & Enterprise

The Invention of Hugo Cabret (3 weeks)

Diary, report, journalistic writing, letters, commands

The Templeton Twins have an idea (3 weeks)

Adventure story

History – World War II

Children will learn when and why World War II began and find out about the key individuals and countries involved. They will discover all about evacuation; learn what it was like to live with food rationing and explore the contribution made by women to the war effort. They will learn important facts about the Holocaust and investigate events that were key turning points in the war, such as the Battle of Britain and the German invasion of Russia. Studying World War II will help children to develop their investigation and evaluation skills; learn to organise information chronologically and understand how past events have helped to shape the world we know today.

French – The World Around Us **(town/directions)**

Children will be talking in complex sentences about where they live, recognising written words for places in a town and writing a series of sentences about their city, using directions.

Science – Evolution & Inheritance

Children will learn about variation and adaptation. They will be able to explore how both Charles Darwin and Alfred Wallace separately developed their theories of evolution. They will examine the scientific evidence from plants and animals that has been gathered to support the theory of evolution.

Computing – Online Safety

Children will be taking a more in depth look at a variety of online safety issues. They will be introduced to the idea of the internet, as a type of media, and how it can shape our ideas through stereotypes. Children will be given ways to deal with online content that they find worrying or even believe to be dangerous.

Curriculum Web **Year Six Half Term 3**

Jasmine Real PE – Unit 3 Social Skills

*I can involve others and motivate those around me to perform better.

*I can give and receive sensitive feedback to improve myself and others. I can negotiate and collaborate appropriately.

*I cooperate well with others and give helpful feedback. I help organise roles and responsibilities and I can guide a small group through a task.

Music – How does music improve our world?

Children will be celebrating a wide range of musical styles by listening to, singing, playing, composing and performing.

Maths

Week 1 - Decimals

Week 2 - Decimals

Week 3 - Percentages

Week 4 - Percentages

Week 5 - Algebra

Week 6 - Algebra

Week 7 - Assessment

PSHE – Too much selfie isn't healthy!

Children will reflect on the different ways to show love for others. They will know there are ways we are different & ways we are the same. Children will suggest people who have benefitted from overcoming a challenge. They will suggest ways to be a good friend. They will know benefits & dangers of social media.

DT – Automata Animals

Children learn about controlling movement with a cam mechanism as part of an automata animal. They develop their designing skills, make a simple cam mechanism, extend their making skills by developing techniques in cutting, shaping and joining to combine components and by selecting tools and equipment to measure and cut wood and card accurately.

Religious Education – People of Faith

*Explore what it means for a person to have faith and how having faith affects people's lives, values and decisions.

*Discuss that Christian people are called to build God's kingdom here on earth.
